Soccer has always been my passion from a young age and I play the game with all my heart. As a strategic player, I use smart plays on the field and I am very creative with my techniques. My specialties are my precise passes, my powerful shots and my accuracy of my shots from a distance. As a determined and hard-working soccer player, I always give my outstanding effort and endure to accomplish the best. My number one goal in life is to become a famous professional soccer player. My dream is to receive a full scholarship to one of the elite universities in America. And hopefully in the future I become one of the players for Manchester United in England.

ACADEMIC INFORMATION
