I love the game of soccer and play to the fullest of my potential every chance I get to step onto the field. I have the discipline and determination to bring my game to the next level. I am able to strike the ball with my right or left foot at any opportunity. I am very strong academically and am continuously pushing myself to learn more.

My goal is to become the best possible soccer player that I can be so that I can receive a full soccer scholarship to a top university in the United States.
